Searching

Once you have answered the introductory questions, you will arrive at the homepage of **LinkedIn Learning**. To search for a course, in the search bar at the top of the webpage, type in the certificate, topic, or skill you are interested in. As you type, the program will give you suggestions similar to what you are looking for.

You will be prompted through a series of questions regarding the skills you want to learn and how you want to learn. **LinkedIn Learning** will use this information to tailor the platform to you and your interests.

graphic design

- social media graphic design
- graphic design portfolio
- free graphic design course
- graphic design for marketing

Click one of the options if what you are looking for pops up, or continue typing in your search and press **Enter** on your keyboard. A list of courses will populate. Scroll down and find a course that peaks your interest.

Within each search result, it tells you if it is a **Learning Path** (several courses on one larger topic) or a **Course** (focused instruction on a more specific topic), the name of the course, how many people have taken it, the skills you will learn, and the level. On the thumbnail image of the video to the left of each search result, the time it takes to complete the course is shown. To start the course, click on the title. To save it for later, click on **Save**.

Browsing

LinkedIn Learning will show you some of the courses you may be interested in based on the questions you answered when you were getting started. If you are still looking for more, you can

Browse

explore what **LinkedIn Learning** has to offer by clicking **Browse** in the top left corner of the screen. Discover the categories you can browse in the column on the left side of your screen: **Business**, **Creative**, **Technology**, and **Certifications**.

 Business

Video Controls

Once you have clicked a course, the course introduction will play automatically. To use the video controls, hover over the symbols at the bottom of the video to see what they mean. You can

press **Play/Pause** , turn on or off **Closed Captions** , adjust the **Volume**  or make it **Full Screen** . Navigate the course and see the subtopics within the course by going to the **Contents** menu on the left column of the screen. To play one of the subtopics, click on the heading and it will auto-play or to hold your spot in the course, click on the bookmark icon to the right of the heading. To open the subheadings under each heading, click on the arrow  to the right of the text.

Taking the Course

In the section below the video, you will find an **Overview**  [Overview](#) of the course.
