LinkedIn Learning Mobile

LinkedIn Learning is an e-learning platform that has over 13,000 high quality video courses to help you expand your technology, creative, and business skills. You can take courses taught by industry experts on-demand so you can learn on your schedule. Learn and further develop hard skills like business strategy, programming, and sales as well as soft skills such as communication, time management, and collaboration. Achieve your personal and professional goals by taking a course with **LinkedIn Learning**.

Getting Started

Download the **LinkedIn Learning** app from your device's app store. Tap **Sign In**, then tap **Sign In with your library card**. In the **Enter your Library ID** box, type our library's ID which is: **sdls**, then tap **Continue**. On the next screen that pops up, type in your library card number and PIN, which is **idealab**.

Searching

You are on the **Home Page** Home , as indicated on the bottom left of your screen. If you already know a particular skill, subject, or software you are wanting to learn, tap the search bar at the top and type in your search terms. Or, narrow your search by tapping some of the categories below: **Certificate offerings** or one of the options under **I'm looking for**. Browse through the options that populate below and tap a **Course** or **Learning Path** that peaks your interest.
